Independent Auditors' Report

Management and Board of Trustees
Greenville Area Community Foundation

Report on the Financial Statements

We have audited the accompanying financial statements of the Greenville Area Community Foundation which comprise the statement of financial position as of December 31, 2013, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Greenville Area Community Foundation as of December 31, 2013, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Greenville Area Community Foundation's December 31, 2012, financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated March 8, 2013. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2012 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information identified in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements
December 31, 2013

Note 1 - Nature of Activities and Significant Accounting Policies

The Greenville Area Community Foundation (“the Foundation”), a Michigan not-for-profit corporation, supports charitable, philanthropic, educational, literary, artistic or scientific undertakings in the Greenville, Michigan area. The Foundation is supported primarily through donor contributions and grants.

Fund Accounting

The financial statements are prepared on the accrual basis of accounting. The Foundation has determined that the use of fund accounting to segregate assets, liabilities, net assets, income and expenses although not required by accounting principles generally accepted in the United States of America, is a meaningful practice to continue. The financial activities of the Foundation are recorded in separate funds, described as follows:

Operating Fund

This fund includes resources that represent the portion of expendable funds available for support of Foundation operations and funds expended for equipment.

Pass Through Funds

Pass Through Funds are used to account for assets held by the Foundation that are not endowed, but will be expended in their entirety on a specific project or for a specific cause.

Endowment Funds

This fund consists of funds that have been established by a gift instrument describing either the general or specific purpose for which grants from the individual funds are to be made. The individual funds have been classified and reported as follows:

Discretionary - funds over which the Board has discretionary control and are available for grant making and other purposes.

Agency Endowments - funds restricted by donors to support specific charitable organizations.

Field-of-Interest - funds established to benefit specific but broadly defined, charitable purpose.

Donor Advised - funds established whereby the donor suggests specific organizations to benefit from the fund. Such donor recommendations are not binding and the Foundation reserves the right to make the final decisions on distributions from such a fund.

Designated - funds established to support a specific community project.

Scholarship - funds established to provide scholarships to individuals.

The Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. Due to *variance power* granted by the Internal Revenue Service, the Foundation has no permanently restricted net assets and has presented its temporarily restricted and unrestricted net assets according to the requirements of the statement. In addition, the Foundation is required to present a statement of cash flows.

Contributions Received and Contributions Made

Contributions received are recorded as unrestricted or temporarily restricted, depending upon the existence or nature of any donor restrictions. When a restriction expires, temporarily restricted assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. A transfer of assets to the Foundation shall be accounted for as a liability if one or more of the following conditions is present:

Greenville Area Community Foundation
Notes to Financial Statements
December 31, 2013

- The transfer is subject to the resource provider's unilateral right to redirect the use of the assets to another beneficiary.
- The transfer is accompanied by the resource provider's conditional promise to give or is otherwise revocable or repayable.
- The resource provider controls the recipient organization and specifies an unaffiliated beneficiary.
- The resource provider specifies itself or its affiliate as the beneficiary and the transfer is not an equity transaction.

It is the Board of Trustees' (the "Board") interpretation of accounting principles generally accepted in the United States of America, that all gifts and grants received by the Foundation constitute unrestricted assets. The bylaws of the Foundation, under variance power, give the Board the authority to modify any restriction or condition on distribution of resources for any charitable purposes or to specific organizations, if in its sole judgment such restrictions or conditions become, in effect, unnecessary, incapable of fulfillment, or inconsistent with the charitable needs of the community or area served.

Cash and Cash Equivalents

The Foundation invests temporary cash in various banks in the State of Michigan. For purposes of the statement of cash flows, the Foundation considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Concentrations of Credit Risk

The carrying amount of the Foundation's deposits with financial institutions was \$959,187. The actual bank balances amounted to \$1,054,614. Of these balances, \$250,000 was insured by the Federal Deposit Insurance Corporation and \$804,614 was neither insured nor collateralized.

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position as determined by quoted market prices. Unrealized gains and losses are included in the change in net assets.

Beneficial Interest in Remainder Unitrust

The Foundation is a beneficiary of a charitable remainder unitrust with a request that the funds be used for the betterment of Greenville and the surrounding community. The beneficial interest is measured and reported at the present value of estimated future cash flows expected to be realized by the Foundation. Changes in value each year are reported in the statement of activities.

Pledges Receivable

Contributions are recognized when the donor makes a promise to give to the Foundation that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Property and Equipment

Acquired assets are stated at cost and donated assets at fair market value. The Foundation has a \$1,000 capitalization policy. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets. Major improvements are capitalized while ordinary maintenance and repairs are expensed.

Greenville Area Community Foundation
Notes to Financial Statements
December 31, 2013

Long-Lived Assets

The Foundation evaluates long-lived assets for impairment using a discounted cash flow method whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable in accordance with accounting principles generally accepted in the United States of America.

Grants Payable

Grants payable are recognized as liabilities at the time the Board or committees authorize the expenditures, regardless of the year in which the grant is paid. Grants authorized are subject to the spending policy limitations.

Assets Held for Others

Donor designations for specific organizations made by the beneficiary organizations are recognized as a liability to the specified organization.

Allocated Expenses

Operating Fund expenses by function have been allocated between operating and administrative services.

Endowed Funds Management Policy

The Board of the Foundation has developed a spending policy that is based on the Uniform Prudent Management of Institutional Funds Act (UPMIFA), which allows for total spending, for grants and operations, to be determined over a number of rolling quarters, regardless of the fact that distributions based on this calculation may dip into the historic gift amount or corpus.

Spending Policy - Income available for spending is determined by a total return, basically using a 12-quarter rolling average system. The amount available to spend for administration and grants is based on 6% of the funds average market value.

Investment Policy - The primary objective of the investments for the Foundation will be to provide for long-term growth of principal and income without undue exposure to risk, enabling the Foundation to make grants on a continuing and reasonably consistent basis. The focus will be on long-term capital appreciation, with income generation as a secondary consideration. The Foundation seeks returns over a full market cycle (minimum five years) that equal or exceed the consumer price index plus 5%. Due to the inevitability of short-term market fluctuations, the Foundation does not expect that the investment objective will necessarily be achieved each and every year.

Comparative Financial Statements

The financial information for the year ended December 31, 2012, presented for comparative purposes, is not intended to be a complete financial statement presentation.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Tax Status

The Internal Revenue Service has ruled that the Foundation is qualified under Section 501(c)(3) of the Internal Revenue Code and is, therefore, not subject to tax under present federal income tax laws, and also is not a private foundation under the meaning of Section 509(a)(1) of the code. For the year ended December 31, 2013, there were no penalties recorded or included in the financial statements. The Foundation files information returns in the U.S. Federal jurisdiction. Generally, the statute of limitations on federal returns expires after three years.

Greenville Area Community Foundation
Notes to Financial Statements
December 31, 2013

Fair Value Disclosures

The estimated fair value amounts have been determined by the Foundation using available market information and appropriate valuation methodologies. The estimates are subjective in nature and involve uncertainties and matters of considerable judgment. Accordingly, the estimates presented herein are not necessarily indicative of the amount the Foundation could realize in a current market exchange. The use of different assumptions, judgments, and/or estimation methodologies may have a material effect on the estimated fair value amounts.

Subsequent Events

Management has evaluated subsequent events through March 11, 2014, which is the date the financial statements were available to be issued.

Note 14 - Retirement Benefit Plan

The Foundation has a Simple IRA Employee Pension Plan. The plan allows a pretax employee contribution up to \$6,000 per year. The Foundation contributes 3% of eligible employee wages to the plan. The contributions for December 31, 2013 and 2012 were \$3,496 and \$3,600 respectively.

Note 15 - Fair Value Measurements

The following tables represent information about the Foundation's assets and liabilities measured at fair value on a recurring basis at December 31, 2013, and the valuation techniques used at the Foundation to determine those fair values.

In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets or liabilities that the Foundation has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset or liability.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in the entirety are categorized based on the lowest level input that is significant to the valuation. The Foundation's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

Transfer out of Level 3	-	(116,621)
December 31, 2013	<u>\$ 949,057</u>	<u>\$ 392,910</u>

The Foundation estimates the fair value of the beneficial interest in remainder unitrust asset based upon the fair value of the assets in the trust unless the facts and circumstances indicate that the fair value

would be different. The significant unobservable inputs and amounts used are the fair value of the assets in the trust totaling \$1,104,782 at December 31, 2013.

Assets held for others characterized as a Level 3 liability consists of agency endowment funds established by not-for-profit organizations with their own funds, for which the Foundation reports a liability for the market value. The Foundation estimates the fair value of these assets held for others at the fair value of the underlying assets unless the facts and circumstances indicate the fair value would be different.

Transfers out of Assets Held for Others totaled \$116,621 for 2013. These transfers were the result of funds moving from Assets Held for Others to designated funds.
